## Minimalistic design

The strict lines of the ICE reception unit create an impeccable shape, suitable for both fancy and ascetic office interiors.

294

Depending on your vision for the interior, choose between a cozy melamine, or a luxurious veneer finish. Various front and top combinations are also available. Using the same finish on the top, base and front will create a solid and minimalistic reception unit, which will be as clean and smooth as ice. On the other hand, introducing a different-coloured top or decorative inserts will allow you to subtly reveal the elegance of this reception unit.

## Ergonomic workspace

The ICE reception unit conforms to the needs of an ergonomic workspace and fits either one or two workstations – a perfect match for NARBUTAS sit-stand or fixed-height desks.

# DOMINO

The rules are simple:  
never stop creating!

DOMINO is a unique piece of furniture that will enable you to create a one of a kind design for your reception in just 4 simple steps. There are no two identical rounds in the game of dominoes, just like there are no two identical DOMINO pieces of furniture!

Easy way to create  
unique reception  
furniture

Firstly, choose the furniture base that suits you best from a range of nine different options. Secondly, combine two thicknesses of exterior panels (18 and 31 mm). Thirdly, choose panels in multiple colours and combine different coatings: upholstery, melamine and natural veneer. Lastly, create your own custom pattern using panels available in 200, 400, 600 and 800 mm sizes.
